# STAR<sup>TM</sup>

Bank • Insurance • Private Advisory

### **When was your business established/founded and why?**

STAR Financial Bank was founded in 1943 in central Indiana when Selah Wright, Tom Marcuccilli, Arthur Hodson, and Ralph Marcuccilli purchased Upland Bank. Today, over 75 years later, the Marcuccilli and Wright families continue to run the bank with the sustained vision of growing alongside Indiana communities and businesses.

### **Please describe your business:**

STAR bank is a full service financial institutional providing personal products, including: checking, savings, mortgage, money market accounts and CDs. STAR also provides a full range of commercial lending and banking solutions for small businesses as well as commercial organizations. STAR's Private Advisory groups provide concierge-style private banking and trust and wealth management. STAR Insurance Agency provides commercial insurance lines as well as personal insurance, including: home, auto, life, and health.

### **Why should Angola residents/visitors choose your business?**

STAR is dedicated to the Angola community through continued investment in our Angola branch as well as through support of local organizations and events. In 2019, STAR is the sponsor of the Handel's Messiah concert, a sponsor of the 101 Lakes Antique Boat Show, and of the Angola Chamber.

### **To what do you attribute your current success?**

STAR's success can be attributed to the employees' and owners' commitment to the communities they serve.

### **What makes you most proud of your business?**

STAR is most proud of the longterm relationships we have formed, both with the Indiana communities we serve as well as with our customers and employees.
